MIAMI, Fla. (AP)—Moving swiftly to crack the brutal kidnap-murder of little Judith Ann Roberts, 7, homicide detectives grilled more than 30 men and today still held seven for further questioning.

Lt. Chester Eldredge, head of the homicide bureau, said however that his men were without a "definite" suspect.

The police dragnet still had about 40 men listed for rounding up and questioning, all known sex perverts and child molesters. The body of blue-eyed Judith Ann was savagely beaten and ravished when found Wednesday a few blocks from Miami's City Hall at Dinner Key.

"We will work around the clock until this vicious killer is in jail," said Eldredge.

A report that the FBI was calling signals in the case was denied by Edward J. Powers, special agent in charge of the Miami office. He pointed out that the FBI lacked jurisdiction because the body was not taken across state lines and there was no ransom demand.

One suspect seized in a South Miami bar when the bartender noticed blood spots on his clothing was among those still being held. Laboratory tests were being made of his clothing. He denied being in the area of the crime.

**Snatched In Sleep**

Judith Ann, daughter of a Baltimore lawyer and labor leader, was raped and murdered and her body left in a palm tree off a fashionable South Bayshore Drive.

Five hours earlier she had been taken in her sleep from the home of her grandparents, Mr. and Mrs.

JUDITH ANN

Harry Rosenberg, about 2½ miles away in Miami's southwest section.

She had been strangled and beaten on the head. One piece of her nightgown and a handkerchief were tied tightly around her throat. What appeared to be a venetian blind held her hands tied behind her back. Her eyes were swollen shut.

The victim's 3-year-old sister Betty told police that a "colored man" had talked to her and Judith on the street Tuesday. A neighbor said she saw two Negro gardeners who worked at the Rosenbergs.

## Prospects Dim For Higher Pay To Unemployed

By CHARLES F. BARRETT  
WASHINGTON (AP)—Democrats planned floor fights today in both the House and Senate to try to increase unemployment insurance benefits, but their prospects appeared dim.

The House scheduled action on a bill by Rep. Daniel A. Reed (R-N.Y.) to extend unemployment compensation coverage to about four million additional workers in smaller businesses. The Senate called up a bill to create a reserve fund from which states could borrow to tide them over temporary emergencies caused by heavy drains on unemployment insurance funds.

Democrats led by Sen. Kennedy (D-Mass.) and Rep. Forand (D-R.I.) prepared amendments to both of these bills to try to write in an increase in benefits and longer payment periods for the jobs.

President Eisenhower has urged that state legislatures raise jobless benefits, but Forand said there is no indication that the states will do this.

The Democratic amendment would require each state to pay benefits for 26 weeks. Present state laws vary from 16 to 26½ weeks.

It also would provide that maximum benefits would be not less than two thirds of each state's average weekly wage, with a minimum for each individual of 50 percent of his own wages. This would guarantee maximums of \$32 to \$56 in the various states. At present, the maximums run from \$20 to \$33 with a national average payment of about \$24.50.

Republican leaders in both House and Senate denounced this program as unsound and said they were confident it would be beaten. Some Democrats agreed.

## Grand Rapids Editor Buys Edmore Weekly

GRAND RAPIDS (AP)—Bruce Mair, managing editor of the Grand Rapids Herald, today announced purchase of the weekly Edmore Times in Montcalm County.

Tom Burns, former owner and editor of the Times for the past 27 years, will remain in active charge for an indefinite period.

Mair, who served papers in Big Rapids and Milwaukee before going to the Herald in 1941, said his resignation from the Herald was effective Sept. 1.

Burns, who resigned a year and a half ago from a position with the Michigan Public Service Commission he had held for 17 years, said he planned to retire "and take things easy" this fall.

## Little Legislature Called To Lansing On Prison Problem

LANSING (AP)—Gov. Williams will call the "little Legislature" into session July 26 to provide more prison space—but there was some doubt today about what he wants.

Williams and the State Corrections Commission seemed to differ about the solution—although both agreed on the need for relieving congestion in the state prison system.

Williams told his press conference that the State Corrections Commission, meeting at Grayling, had advised him by phone it wanted \$75,000 from the "little Legislature" to build a new outside dormitory at Ionia Reformatory to house 150 trusty inmates.

Population Now 9,455  
However, the commission refused to endorse that recommendation when it came from Gus Harrison, state corrections director.

Commissioner Eleanor Hutzel of Detroit said the commission

## Brunette Takes Jail Rather Than Give Up Mink Coat And Jewels

BOSTON (AP)—Mrs. Mildred Previor, a pretty 33-year-old Brunette would rather serve a term in jail than give up her mink coat and jewels.

So she informed Judge Jennie L. Barron Wednesday when he offered her this choice: "Give up your mink coat and jewels or spend six months in jail."

The woman had pleaded guilty of defrauding an insurance firm of \$800 by filing a false lost report on a diamond studded wrist watch. Police said she pawned the watch and used the money to make a down payment on a mink coat.

Judge Barron offered to give Mrs. Previor a suspended sentence if she would "assign the coat and jewels as security for restitution."

## Biter Lacks Teeth

BOSTON (AP)—Isaac Trinkham, 51, presented a strong defense in Municipal Court Wednesday when accused of having bitten the left thumb of George McPhee so severely that hospital treatment was required.

"How would I bite anybody?" Trinkham asked Judge Jennie L. Barron, and opened his mouth to expose toothless gums.

The court continued the case.

## Twins Grow Weaker In 17-Day Fast To Protest Jail Term

LOS ANGELES (AP)—The fasting Finn twins, who haven't eaten in 17 days while protesting a one-year jail sentence, steadily are growing weaker and each has lost about 20 pounds.

The 40-year-old twins are being held at the California medical facility on Terminal Island. Harold Field assistant superintendent, said both are very weak and dehydrated, their blood has thickened and they are barely able to stand up.

But their attorney, Bernard

Cohen, said Wednesday both Charles and George Finn are determined not to eat until they die or are released and free to continue their legal controversy with the federal government.

Field said the government will not force feed the pair unless they lapse into unconsciousness. The controversy stems from the government's confiscation of a surplus C46 transport plane the twins, flying veterans of World War II, had purchased from a school district and reconditioned. The government contends the plane was given the district to use as a classroom and was not to be sold.

During the legal battle, the twins were arrested and sentenced to a year in jail for forcibly interfering with a government officer. They had attempted a citizen's arrest of U. S. Atty. Laughlin Waters here. The Finns claimed Waters had violated their civil rights by withholding possession of the airplane.

Friends said that after the 17 days of not eating, George now weighs only 116 pounds and Charles 118.

## Senate Committee Checks On Unspent Foreign Aid Funds

WASHINGTON (AP)—The Senate Foreign Relations Committee asked Harold E. Stassen today for an accounting of unspent foreign aid funds in the face of a call by Sen. George (D-Ga.) for a two-billion-dollar cut in new money.

George said in a separate interview he believes the FOA has about 2½ billion dollars already appropriated by Congress which it has not firmly committed.

"If that is true, I see no reason why the request for new money ought not to be reduced by at least two billion dollars," he said.

# Czechs Ordered To Free Kidnaped U. S. Soldiers

## Jackson Engineer Overpowers Armed Boy Kidnaper, 14

AUBURN, Ind. (AP)—A Jackson, Mich., engineer turned over a 14-year-old boy to DeKalb County Sheriff Frank Carpenter early today and said the youth kidnaped him from his front porch Wednesday night and forced him to drive almost 100 miles with a shotgun muzzle against the back of his neck.

Robert B. Lehr, 32, said he finally had an opportunity to overpower the boy when they stopped for gasoline in Waterloo, Ind., five miles north of Auburn.

The sheriff said the boy refused to talk about the ride and at first would not give his name but admitted later he was Gary E. Kintigh of Holt, Mich. He had hitchhiked from Holt to Jackson with the 16 gauge shotgun dismantled in a suitcase.

Lehr said he was sitting on his porch smoking when the youth approached him from the rear, threatened him with the gun, and forced him to enter his car parked in a driveway. He said the boy sat in the back seat and held the gun muzzle against the back of Lehr's neck until they stopped for gasoline.

## Old Guatemala Regime Tagged With Murders

By CARLOS R. ESCUDERO  
GUATEMALA (AP)—Charges of murder and mismanagement mounted today against ousted President Jacobo Arbenz Guzman. The latest accusation sought to tag him with the 1949 slaying of his arch political rival—armed forces chief Col. Francisco Javier Arana.

In a move paving the way for Arbenz' arrest should he leave the Mexican Embassy where he is reported hiding, a tribunal of the ruling junta heard a friend of the slain man, Jose M. Palacios, formally charge the ex-President with masterminding the assassination.

Arbenz and leaders of his regime already face assorted charges of murder, torture and looting. In addition, the junta is trying to find out what happened to a million dollars which Arbenz's treasurer, Roberto Garcia Ortiz, said he turned over to the short-lived military regime which succeeded the leftist President.

## Lawmaker Loses Seat In Lansing

LANSING (AP)—The House seat of Rep. Gerald L. Murphy (D-Detroit) has been declared vacant because he moved from his district to seek a state senatorial seat in another district.

Speaker of the House Wade Van Valkenburg (R-Kalamazoo) took the action when presented with an affidavit indicating Murphy had moved from Detroit to Lincoln Park last April to become eligible for the senatorial race.

Van Valkenburg said he would ask Murphy to refund about \$600 in legislative pay received during May and June, the period which he said he could prove that the Detroit Democrat had not been legally entitled to his seat.

Van Valkenburg said the affidavit was sent to him from a "Republican source in Detroit."

A constitutional provision automatically vacates any legislative seat when the holder moves from the district which elected him.

Gov. Williams indicated he saw no use in calling for a special election "to fill a vacancy in a district which is practically out of existence."

He referred to the fact that Detroit representative districts are being changed this year under a new legislative reapportionment law.

The Legislature will not function again this year unless Williams calls a special session.

## Robber Loot Heavy

CHICAGO (AP)—It was a heavy load of currency robbers hauled away from the United Beverage Corp. plant. Police reported they used acetylene torches to burn open three safes and take \$10,000. Company officials said \$9,700 was in nickels, dimes and quarters.

## Freedom Sought By 1935 Barker Gang Kidnaper

ST. PAUL, Minn. (AP)—Echoes of the notorious Barker-Karpis gang are resounding in a federal courtroom here today as Volney Davis seeks freedom from a life sentence for his part in the kidnaping of Edward G. Bremer, a St. Paul brewer.

Davis, now a slim and white-haired 52, was brought here from Leavenworth Penitentiary to present his case before Judge Gunnar H. Nordbye. He has been in prison, first at Alcatraz and then at the Kansas institution, ever since he pleaded guilty June 3, 1935. He charges he was denied the services of an attorney.

**Purvis Is Witness**

On the law-enforcement side, another famous name—Melvin Purvis—is listed among the government's 30 witnesses. Purvis, then FBI agent in charge of the Chicago office, and his men captured Davis June 1, 1935.

Purvis gained earlier and more lasting fame when he and his agents shot down John Dillinger, another headliner of the gangster era, outside a Chicago theater.

On the stand all day Wednesday Davis told how he grew up in his native Oklahoma with Fred and Doc Barker. Later, when the Barkers joined Alvin Karpis in a wave of crime that claimed headlines throughout the 1920s and early 1930s, Davis said he went along.

"The Barkers spent thousands of dollars in 1932 to get me out of a life term for murder in Oklahoma," the witness said. "After that I traveled with them and they supplied me with money. But I didn't know their business."

**Collected \$200,000**

Records disclose the Barker-Karpis boys were responsible for slayings, bank robberies, holdups and other crimes in a dozen states. The spree ended when Bremer was snatched from a St. Paul street, with a \$200,000 ransom paid for his release.

Davis claimed to have known nothing of the kidnaping and said he entered his plea of guilty to it only because he feared he would be returned to Oklahoma to finish out his term.

The witness said that after June 3 he was denied food and shackled in solitary confinement until his sentencing four days later.

But Alex Dim, assistant U.S. district attorney, drew from him an admission that he had been permitted to consult an attorney regarding disposition of the car he owned in Kansas City during the time he alleged he was held in solitary. The government also introduced evidence that newspaper reporters were allowed to interview the prisoner during that period.

Regarding a 10-page statement Davis signed on the kidnaping, he said, "I was so scared I would have signed anything."

## Tourist Season Prospects Good

LANSING (AP)—Despite unusually wet and cool weather so far, this year, Michigan appears to be headed for another banner tourist season.

Robert J. Furlong, director of the State Tourist Council, said the state should equal or better last year's record high of ten million tourists.

He based his estimate on increases in the number of vehicles crossing the Straits of Mackinac, on the number of resident and non-resident fishing licenses sold and the number of camping permits issued so far this year compared to last season.

He said a survey showed that sight-seeing, scenery and fishing were the leading Michigan attractions for tourists, in that order.

The survey showed that 50 percent of state tourists come from Michigan while Ohio, Indiana, Wisconsin and Illinois provide another 30 percent.

The average tourist party consisted of 3.1 persons, spent 12 days on their vacation and spent \$286, Furlong said.

## Dismissal Of Key Charges Against Lattimore Upheld

WASHINGTON (AP)—The U. S. Court of Appeals today upheld the dismissal of two perjury charges against Owen Lattimore, including the key count, but ordered two other counts reinstated.

The Court of Appeals agreed with U. S. Dist. Judge Luther W. Youngdahl that the key count, charging Lattimore swore falsely when he said he was not a Communist sympathizer or promoter of Communist causes, was invalid.

The Appeals Court also upheld dismissal of a charge that Lattimore committed perjury when he told the Senate Internal Security subcommittee that it was not necessary for him to have the permission of Communist authorities for a visit to Yenan, then the Communist stronghold in China, and that he made no prearrangements with Communists in order to get in.

The court upheld dismissal of the key count by a vote of 8-1. Chief Judge Harold M. Stephens dissented.

"We are of opinion that this first count of the indictment is void for vagueness," Judge E. Barrett Prettyman said in speaking for the majority.

"The word 'sympathizer' is not of sufficiently certain meaning to sustain a charge of perjury. The count is that Lattimore said he had never been a sympathizer whereas he had been a sympathizer. There is no definition of the term 'sympathizer' or any concrete specification of its content either in the indictment or in the statute. Without such definition or specification the term has no certain meaning."

The counts the Appeals Court reinstated were based on this testimony by Lattimore:

That he didn't know that "Asiatism," a writer for "Pacific Affairs," a magazine of the Institute of Pacific Relations which Latti-

more edited, was a Communist. Asiaticus is alleged to be a German Communist, Hans Mueller, who was a protégé of Communist Gerhart Eisler.

Also that he never published articles in IPR magazines by persons he knew to be Communists, other than from Russian contributors.

## Puerto Ricans Get Up To 75 Years In Capitol Gun Spree

WASHINGTON (AP)—Four Puerto Rican terrorists who shot up the House of Representatives March 1 and wounded five of its members today were given maximum prison sentences ranging up to 75 years.

A fiery brunette, Lolita Lebron, 34, self-styled leader of the group, received a sentence of from 16 years, 8 months, to 50 years.

Her three male companions received sentences of from 25 to 75 years each.

U. S. Dist. Judge Alexander Holtzoff said he felt maximum sentences were justified because the crime was "so heinous, so infamous, so daring and so atrocious as to shock the conscience of the nation."

Judge Holtzoff took a different view. He called the pistol attack on the House "dastardly, wicked and ruthless." Except for the skillful work of surgeons, the judge said, the Puerto Ricans would have been before him to hear death sentences, instead of sentences on lesser charges.

## Cotton Acreage Cut 21 Per Cent

WASHINGTON (AP)—The Agriculture Department today reported cotton in cultivation on July 1 at 19,961,000 acres, a decrease of 21 per cent from last year.

The department gave no forecast on production, but at an above-average acre yield of 300 pounds, the crop would be about 11,976,000 bales. Last year's crop was 16,465,000 bales and the 10-year (1942-51) average was 12,216,000. Last year's average acre yield was 312.6 pounds and the 10-year average was 265.5 pounds.

This year's cotton is being grown under rigid federal planting allotments and marketing quotas providing loss of government price support and cash penalties for non-cooperators. The controls were imposed in a move to prevent overproduction.

The July 1 acreage compares under the control program. The acreage in cultivation on July 1 last year was 25,244,000 and for the 10-year July 1 average it was 22,040,000.

The department has forecast that more than nine million bales will be left over from past crops when this year's crop reaches market.

## Stiff Note Sent Reds On Seizure Of 7 Americans

By FRED S. HOFFMAN

WASHINGTON (AP)—The United States has served Red Czechoslovakia with a brusque demand for the "immediate return" of seven U. S. soldiers who this government charged were kidnaped last Sunday.

The State Department disclosed Wednesday night that an exceptionally stiff note was delivered to the Czech Foreign office in Prague.

That note dismissed as unfounded Czech claims that the seven—captain and six enlisted men—were spying when they were seized by a Czech border patrol near the West German town of Baernau July 4.

The Army withheld public identification of the soldiers pending notification of next of kin but the Czechoslovak news agency Ceteka, contacted by telephone in Prague today from Vienna, named them as Capt. Jack Davis, Richard Jumper, Leonard Tennis, John Glasson, Ross McGinnis, George Switzer and Jerry Griffith. Ceteka could give no home addresses for them.

Army spokesmen in Germany have said the soldiers were on leave and may have crossed the Czech border by mistake while sightseeing.

However the Czech reply note to the United States as read over the Prague radio insisted that "their confession and behavior confirm the group entered Czech territory to conduct an espionage mission."

The Czech note said further the soldiers confessed that they entered Czech territory by illegal means and that films found on them revealed that they had photographed objects on Czechoslovak soil.

The longer sentences for the three men resulted from the fact that a jury convicted them last month on five charges of assault with intent to kill and five charges each of assault with a dangerous weapon.

Mrs. Lebron was convicted only on five charges of assault with a dangerous weapon.

Before hearing their sentences, the four Puerto Ricans protested anew that they merely staged a demonstration in behalf of Puerto Rican independence, and did not intend to kill anyone.

In their own minds, the Puerto Ricans said, they did not feel they were guilty of any crime.

Judge Holtzoff took a different view. He called the pistol attack on the House "dastardly, wicked and ruthless." Except for the skillful work of surgeons, the judge said, the Puerto Ricans would have been before him to hear death sentences, instead of sentences on lesser charges.

## 4-H Students To Attend Camp

Two Delta county club members will attend the state 4-H conservation school at Camp Shaw, Chatham during the week of July 12 to 17 says Fred Bernhardt, local 4-H leader.

Jean Ford, daughter of Mr. and Mrs. Clayton Ford, Cornell, and William Erickson, son of Mr. and Mrs. Emil Erickson, Ford River, are the delegates attending from Delta county.

There will be a total of 150 selected boys and girls from all parts of Michigan attending the school for leadership training in conservation work.

Each day the school will cover a different field of conservation work. "Land use" day will be conducted by members of the Soil Conservation Service and soil scientists from Michigan State College. Studies will be made of soils and the best uses of them.

"Forestry day" will include fire fighting demonstrations by the State Conservation department, a visit to the Dukes Experiment station and a visit to a wood product plant.

A geology and entomology day will feature visits to the mines at Negaunee, the rock formations in the Marquette area and studies of insect life and their relationships to sport and commercial fishing.

The "game day" will include a trip to the Cusino Wildlife experiment station and small game studies in the Chatham area.

The school is conducted by the Michigan State 4-H club department with financial help from the Michigan telephone companies and a cartridge company.

## Too Many Agencies, Gov. Williams Says

EAST LANSING (AP)—Gov. Williams hit out at the multiplicity of state government agencies Tuesday.

He spoke as a member of a panel discussing the governorship at Michigan State College's annual forum on state and local government.

Noting the state now has 114 agencies, Williams said "I think that is a weakness in our government."

He suggested a cutdown to 30 or 40 would be good. In a more highly integrated government citizens know with whom to do business more easily."

He cited the Highway Department as a major state agency outside the chief executive's control.

## Four Forest Fires In Upper Peninsula During Past Week

Woodland fires broke out again during the past week in the Upper Peninsula, according to John A. Anguill, fire technician for the Michigan department of conservation.

Four fires destroyed 2.5 acres during the week. The previous week had been free from any damage.

Three of the fires took place in the Baraga area, District 1, and burned two acres. The fourth blaze was reported in District 4, Newberry and burned half an acre.

Free from damage for the second week in a row were the Crystal Falls and Escanaba areas.

To date there have been 149 fires which have burned 651.2 acres of woodlands and brush. For the same period last year, 1,137.6 acres had been burned over by 177 fires.

## Mink Breeders Plan Field Day

At the monthly meeting of the Upper Michigan Mink Breeders Association held Tuesday evening plans were made for the annual mink ranchers' field day which will be held Oct. 5. The meeting took place at the Ford River Town Hall.

The president, Joseph Whitney announced the committee chairmen. They are Frank Wawirka and Clarence Sturdy. Lew Bremer of Ensign will serve as master of ceremonies. Mrs. Frank Wawirka, Mrs. Orry Wells, Mrs. R. C. Shiner, Mrs. Gust Soderberg and Mrs. Les Smith will serve on the lunch committee. Subsequent appointments will be made by the chairman. The program will be held in Escanaba and will feature prominent authorities in the fur industry. Attendance will be by invitation only.

The decreasing horse meat supply has resulted in the increasing dependence on high protein substitutes for red meat in the mink diet. The use of cottage cheese and whale meat for mink was discussed. Ocean fish is proving superior to local herring because of price and food value. Association members have placed orders for 160,000 pounds of mink feed for the month of July.

Ronald Bennett of Plankinton Packing Company provided the program which consisted of an interesting film showing the processing of meat from the field to the kitchen.

Two new members were admitted to the Association. They are Carl Gullickson of Menominee and Wilfred Goodreau of Niagara.

## Dulles Says U. S. Can Use Its Veto To Bar Red China From UN

WASHINGTON (AP)—Secretary of State Dulles said today the United States would use its veto, if necessary, to keep Red China out of the U.N. Security Council.

Dulles expressed complete confidence the Red China regime would be unable to gain admission at the fall session to any of the principal U.N. organizations, including the Assembly.

At a news conference, Dulles denounced the Peiping regime for flouting the United Nations in Korea, supporting the Communists in Indochina and generally failing to fulfill international obligations.

Dulles said firmly, in answer to questions, he did not believe there

would be any occasion for the United States to withdraw from the United Nations if Red China is admitted, as Sen. Knowland (R-Calif.) has proposed.

Talk of pulling out of the United Nations, he said, strikes a note of defeatism which is entirely unjustified because the United States and like-minded countries have a powerful case for blocking Red China's membership.

## Two Appointed To Police Force

Two new patrolmen will be added to the Escanaba police force July 12. They are Robert Coan, of 615 Ogden, and Wallace Anderson, of 404 S. 4th St.

Anderson, who is 33, had nine months of service with the Escanaba police force in 1953 before leaving to work at White Pine. He has three children.

The other patrolman, Robert Coan, is new to police work. He is 33 years old and married.

Both men will be on probation for six months. If accepted for

## Judge Suggests Truant Officer

Truancy is the major problem in Delta County juvenile court, according to Judge Wm. J. Miller of Probate Court.

Judge Miller told the Escanaba Board of Education Tuesday night that he believes the situation is one that requires the appointment of a school attendance officer. More than half of the cases referred to the juvenile court during the school year are truancy cases, Miller said.

The judge explained that the county agent assigned to the juvenile court works mainly with crippled and afflicted children and although he does devote time to the truancy problem, it is impossible for him to devote as much time to truancy as the situation requires.

"It should not be expected that the probate court will serve as a truant officer," Judge Miller said. The judge said that the county school superintendent does have a truant officer but he is unavailable much of the time.

Supt. John A. Lemmer reported that a small number of students, probably only six to eight, account for nearly all of the cases referred to the probate court.

The board informed Judge Miller that the problem will be considered at a later meeting of the board and that efforts will be made to work out the problem.

Michigan law compels the attendance in school of all children under the age of 16.

## Oil Companies Go For Foreign Trade

By WALTER BREEDE JR.  
(For Sam Dawson)

NEW YORK (AP)—New markets for black gold are opening up in far-away places—while demand in the world's greatest oil-consuming nation is leveling off.

That's the situation confronting the multi-billion-dollar petroleum industry today: Too much oil in the United States, not enough to satisfy the fast-growing requirements of less prosperous populations elsewhere.

Many of the big U. S. oil companies are actively going after this foreign business. The results of their efforts can be seen in the glittering new refineries and tank farms that have sprung up in recent months all the way from the English Channel and the North Sea to the South Pacific.

### Gain Is Small

Last year foreign countries outside the Soviet sphere stepped up their total consumption of oil products by a whopping 7 per cent. This year foreign demand is expected to rise 7 per cent more—to an all-time high of 4,750,000 barrels daily.

By contrast, U. S. demand is expected to show a gain of only 2 per cent.

The United States is still far and away the world's biggest oil user. Its 55 million autos, trucks and buses, its gigantic rail, aviation, shipping, chemical, manufacturing and power industries, burn up more oil and gasoline than all the other non-communist countries combined.

This year U. S. consumption of oil products is expected to reach 7,900,000 barrels daily. That's another new record, but it's only a hair's breadth over domestic oil use in 1953. In most other postwar years the gain had been much greater.

### Others Just Starting

Oil men say the present industry pattern—a slow, gradual growth in this country and a dynamic expansion overseas—will assume even sharper outlines. That's because the U. S. has become of age as an oil-consuming nation while many others are starting from scratch. In some underdeveloped areas the evolution has come about

## Holy Name Rents Eskymo Gridiron

The use of the Escanaba Athletic Field by the Holy Name High School football team at a rental charge of \$50 per game was approved by the Escanaba Board of Education Tuesday night.

The arrangement was worked out at a meeting June 21 by committees representing the Escanaba Board of Education and Holy Name High School. Representing the board were Charles Folio, Fred Hinn and Supt. John A. Lemmer. Holy Name High School was represented by Rev. Fr. Stephen, St. Joseph's Church; Rev. Fr. Nadeau, St. Anne's Church; and Hubert Shepek of the Holy Name High School building committee.

The fee covers the use of the field, grandstand, broadcasting and concession booths and ticket offices. The use of the field house will be restricted to game officials only, excepting that when bad weather prevails the field house may be used for players between halves of the games. The Board of Education will provide a custodian who will mark the field and who will make available line markers, electric score board, etc.

The policing of the field will be the responsibility of Holy Name High School.

It is reported that Holy Name High School will use the Escanaba Field for afternoon games but will continue to play night games at Memorial Field.

## Installation Of Floriana Post Officers Tonight

HERMANSVILLE—Irving Haefman of Powers, upper 11th district committeeman for the American Legion, will be the installing officer at the Legion Club rooms this evening when the newly elected officers of the Leo Floriano Legion Post will take their places.

Officers include Clifford Gustafson, commander; Herman P. Luft, adjutant; Reuben J. Marcoe, finance officer; William J. Eisenzoph, service officer; Steve Tomasic, chaplain and Glenn Arnold, sergeant-at-arms.

Guests at the meeting will be the Auxiliary unit of the Floriano Post. Upwards to sixty persons are expected to attend this affair. Julius Haefterman, present commander, will turn the gavel over to Gustafson at the meeting.

## Slightly Warmer Weather Likely

Escanaba was one of the warmest spots in the upper lake region yesterday when the mercury reached 72. It was also one of the coolest places in the peninsula last night when the temperatures dipped to a low of 46.

At 10:30 this morning, the recorded temperature read 64 degrees with an expected high of 72 along the shore today and going to 75 or better inland, says S. E. Decker of the Escanaba Weather Bureau.

WARMING UP

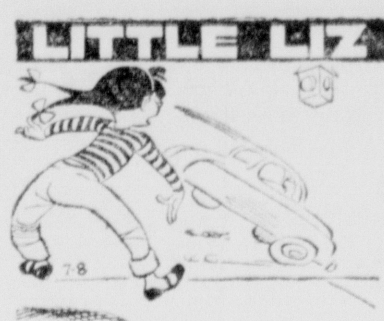

It won't be quite as cool this evening, Decker said, with the mercury falling around the 50 mark. Tomorrow the skies are to become partly cloudy with slight chance of scattered showers late tomorrow afternoon or early evening.

According to the weather chart at the bureau office, the western and southern parts of the peninsula are to receive showers, and Decker said, "There is some chance that part of these will strike in the Escanaba area."

## Menominee Calls For Bids To Repair Waterworks Dock

MENOMINEE—City Council Tuesday night called for bids, with deadline at 4 p. m., July 19, for repairs to the north wall of the dock at the rear of the Menominee Water Station, which leads to the Menominee breakwater.

The footings of the wall have become so badly worn that the pavement on the dock has shifted considerably and is sinking. It is planned to drive new piling and cover the outside of the north wall with sheet piling and relay the pavement. A repair job on the south wall of the dock is also listed. Specifications are on file at the office of City Engineer George Byrnes.

Bids for a sprayer for weed control and to curb the mosquito and fly nuisance and on a roller for the Street Department were rejected by Council last night and the clerk authorized to advertise for new bids. Deadline for bids is

4 p. m., July 19. The bid for the sprayer was of a type of machine that the city did not want. The roller bid was rejected because the city called for bids on a 3-to-5-ton roller, while the bid submitted was for a 2-ton roller.

## Job Placements Hit High Mark In May

DETROIT (AP)—The Michigan Employment Security Commission reported today job placements totaled 15,035 in May for a new six-month high.

The MESCC said 14,370 persons had been placed in jobs in April. The report said this reflected a moderate improvement in labor demand.

The commission also reported that the number of weekly claims for unemployment benefits continued to decline, dropping below 120,000 by the first week in June.

## Adult Education Courses Are Popular With Escanaba Folks

THE popularity of adult education courses in Escanaba is indicated in the fact that 517 persons participated in the evening classes conducted here the past school year under the sponsorship of the Escanaba Public Schools.

Of particular significance is the fact that the most popular class of all—with 64 persons enrolled—was the class in Everyday Law. On the whole the courses offered in the adult education program were educational in nature, designed to help the adult students in their vocations or their avocations. We doubt that the volleyball course properly fitted into this pattern, however.

The range of subjects offered was wide, from bridge playing to welding. The adult education program bears evidence to the fact that our educational program is branching out. It embraces not only the youngsters through 13 years of formal scholastic training but it likewise includes training for oldsters in evening classes.

This is not a frill of education, except insofar as it embraces such programs as volleyball which are strictly recreational

in character. The widening scope of adult education proves its acceptance. These programs likewise make possible greater usage of public buildings and help to justify the tremendous investment that is necessary in construction and maintenance.

### Fixing Number Of Justices Sensible

SINCE the time of President U. S. Grant, the number of Supreme Court justices has been fixed at nine. But a lot of lawmakers have never forgotten that the late Franklin D. Roosevelt tried in 1937 to increase the total to 15.

That memory lies behind the present proposal to amend the Constitution to fix the limit at nine.

The plan, sponsored by Sen. John Marshall Butler of Maryland, already has been approved by the Senate and must now win adoption by a two-thirds margin in the House before submission to the state legislatures.

The Constitution mentions no set number of justices. It was left to Congress to determine that. Senator Hennings, Missouri Democrat, thinks it wrong to "clutter" the Constitution with a specific figure which might some day have to be changed, if, for example, the Court takes on a greater work load.

On the other hand, there seems sound reason for protecting the Court's structure against the ebb and flow of political whim. As it stands, the caprice of either Congress alone or the Executive in company with a willing Congress can alter markedly the make-up of the tribunal.

The situation was saved in 1937 only because Mr. Roosevelt's packing plan aroused stiff opposition among both Democrats and Republicans in Capitol Hill. The story might be different another time.

To be sure, nine is not a sacred number. But it has proved practicable in terms of present-day Supreme Court requirements. The figure is not so low as to impose an impossible burden of cases upon the justices.

Nor is it so high as to make the Court more of an assembly, in which necessary exchange of judicial views would become an unwieldy process.

Thus, if the Supreme Court is to be reasonably insulated from the normal political tides, the present amendment would appear to have some validity. There is nothing hard and fast about a figure placed in the Constitution.

It can be changed in the same way it can be originally fixed. Speedy action is not of the essence where the Court is concerned.

## The Doctor Says . . .

### Be Firm But Kind When Handling Emotional Child

By EDWIN P. JORDAN, M. D. — Written for NEA Service

Perhaps small children are more susceptible to developing nervous habits than human beings at any other age. When they do the situation is often likely to be made worse by the fussing of the parents over the habit and at the children.

Here are some examples. "My son is two years old and loves to be outside. When I put him there by himself he cries and shouts but stops the minute I go out. Will it hurt him to leave him in the yard and let him cry it out?"

Another mother writes that she has a little 3½-year-old girl who has had spells of holding her breath since she was a year old. It always happens when she falls or gets bumped. She has these spells on the average of once every two weeks.

A FINAL LETTER on this subject comes from the mother of a 5½-year-old girl. Until the age of three, the mother writes, the girl was easy to deal with; but now she finds the child is terribly frustrated, sucks her thumb and has a problem with food. The girl is also aggressive and sassy, her mother says.

Probably all mothers and fathers will recognize from these typical letters experiences and worries they have had with their own children.

With the possible exception of the little girl who holds her breath and should be examined for some physical cause the probabilities are that these are all cases of nervousness in children of a perfectly normal type. Generally speaking the parents are wise if they think jealousy of another child or lack of playmates as a cause for this kind of behavior.

They can also study their own attitudes toward their children and make sure that the youngsters are confident of the parent's affection, consistency of discipline, and love, and a general lack of quarreling around the home, particularly between the parents.

If the parents can provide a happy, affectionate environment and not pay too much attention to these emotional qualities of their young children and deal with them firmly but kindly there is a good chance that they will be outgrown.

A TOUGH question is asked by Mrs. G. who says, "When a baby falls from a chair should a doctor be called even though there are no obvious signs of injury?"

I suppose all children fall and bump themselves and that 999 times out of a thousand no harm is done. Occasionally one hears of something serious resulting from what seems a minor fall and the only thing I can say, therefore, is that one just use one's best judgment.

ANOTHER MOTHER asks about ruptures in small babies and what causes them.

These are inborn weakness of the muscles and other tissues which allow some of the contents of the abdomen to protrude through the weakened spot.

The question which she asks on the surgical treatment of such a rupture and the age in which it should be performed is not readily answered. It depends on the location, size and some other factors which have to be evaluated by the surgeon before he can give appropriate advice.

## Merry-Go-Round

By DREW PEARSON

WASHINGTON—Now that the Fourth-of-July oratory has subsided and Congress has gone back to work, it might be a good idea to look around and see who is carrying out the ideals of the founding fathers that we heard so much about this week.

Here are a few people I would like to nominate as trying to carry out these ideals. They are not big-name people. They are little people who deserve just as much credit as the glamor-pusses and the politicians.

**Patriotic printer**—Take, for instance, August Dietz, Jr., the Richmond, Va., printer who has now printed more than 3,000,000 copies of the Declaration of Independence and circulated them through the schools of the U. S. A.

Two years ago, after the Madison Capitol Times in Wisconsin and the New Orleans Item in Louisiana circulated copies of the Declaration of Independence and the Bill of Rights through crowds of people which refused to sign them because they thought the documents "looked Russian," I suggested to Gus Dietz that we might print and circulate copies of the Declaration of Independence so people could get to understand it.

Since that time he has printed more than 3,000,000 copies, frequently at a loss to himself, and the Sertoma clubs (service to mankind) have helped distribute them. Others, including the Elks of Boulder, Colo., the Boy Scouts, and the Jefferson Life Insurance company, have also helped.

Printer Dietz, who has been quite ill for a year, says he has now recovered almost to the point where he can undertake to circulate the Bill of Rights also, and I sincerely hope this may take place soon.

**Patriotic coal miner**—Most people have never heard of R. M. Davis outside of Morgantown, W. Va. He began life driving a mule in a coal mine, now owns mine which, incidentally, has one of the best safety records in West Virginia. Not content with that he has given a \$300,000 youth recreation center to Morgantown, and more recently has been pushing the idea of creating a department of peace.

It's Mr. Davis's idea that our diplomats frequently get so bogged down in treaty-writing and protocol that they miss the main goal of peace. And, since it's the people who have to fight the wars, argues Mr. Davis, it should be the people who should have a larger share in working for peace. He proposes a special governmental department with the job of doing nothing except concentrating on peace.

**Balloons behind curtain**—Meanwhile, one group which already has started to carry out Mr. Davis's idea is the Crusade for Freedom. Three years ago the Crusade picked up my idea of sending balloon messages behind the iron curtain and together we put across the first balloon barrage of freedom-friendship messages to the Czechoslovak people—a total of 11,000,000 messages.

Again in May the Crusade launched another message barrage just before the Czech elections. This time the balloons delivered sample ballots outlining 10 points for freedom, plus stickers to be pasted on the ballots instead of the stereotyped rubber-stamp Communist party candidates. The ballots, dropped mysteriously from the skies, had such an effect on the Czech population that the Communist government officially protested to the United States.

**Lions Clubs**—Meeting in New York right now is the international convention of one of the liveliest service clubs in America. As a matter of fact, the Lions have come not from the U. S. A. alone but from 58 different countries, not to discuss business and political problems but how to make the world a better place to live in and achieve the great goal of peace.

**Scholarships**—Another service club which has done a fine job in promoting peace is Rotary. Their scholarship exchange between foreign countries has helped supplement the Fulbright scholarships under the Smith-Mundt act which have done more to build up American friendship than almost anything else. Today, however, shortsighted Republican leaders in the House of Representatives want to cut the scholarships to the bone.

**Dean Erwin Griswold of the Harvard Law School**—In these days when congressional investigations have tended to make us forget the liberties inherited from the founding fathers, Dean Griswold spelled out, with painstaking care, the background of the most controversial part of the Bill of Rights—the fifth amendment.

Though held up to ridicule by Senator McCarthy, Dean Griswold has shown how the fifth amendment was woven into the fundamental rights of the nation, going back even to the 16th century when it was used to prevent self-incrimination by torture. He has also shown how the much-maligned fifth amendment protects against the seizure of private property and double jeopardy.

## Close-Up Of A Brain-Washed Red Chinese Wang At Geneva

By LEON DENNEN

By NEA Staff Correspondent  
GENEVA—(NEA)—It was a strange turn of the international wheel that brought young Wang to Geneva as a representative of Red China.

Six months ago the 23-year-old son and grandson of coolies was still absorbing the "teachings" of Lenin and Stalin at Moscow's secret school for Asian Cominform agents.

He was one of some thousands of brain-washed young Chinese, North Koreans and other Orientals learning the "art of revolution"—and the Russian language.

It was indeed a strange turn of the wheel when the young Red—together with a dozen of his fellow-robots from the Sun Yat-sen "university"—was dispatched to Geneva to represent the "Chinese people" at the Asian conference.

"The Communist Party never makes mistakes," Wang said proudly when I met him in a store on the fashionable Grand Quai, where he was pricing a gold wrist watch.

Probably to make sure that I understood him well he added: "Comrade Mao Tse-tung knows what he does."

"How do you like Geneva, Wang?" I asked in Russian.

"It was certainly spruced up for the conference," he replied.

"And the lake with its majestic white swans?"

"The lakes of China are more beautiful."

"Have you seen the Cathedral in the old city where Calvin once preached?"

Wang could no longer contain himself.

"Listen," he exclaimed still fingering the watch lovingly, "in five years, if China is not attacked by the American imperialists, we shall have buildings taller than your Cathedral."

Geneva—charming, spotless and peaceful—has long been the meeting place of international peace conferences that brought no peace, and the happy hunting ground of luxury-loving diplomats, ex-kings and Arab princes.

But young Wang was obviously determined to resist the capitalist blandishments and pitfalls of the little metropolis by the Lake Lemman.

Unlike some of the older and perhaps less brain-washed Chinese Reds, he was not impressed by the splendor and luxury of the Richmond Hotel—one of some half a dozen hotels housing the 200-man Chinese delegation to the Geneva conference.

Before starting out on his perilous journey West, Wang was warned by his Communist masters that everything in the "capitalist" world was but an artificial "Potemkin village"—corruption, fake and surface glitter hiding human misery, slavery and exploitation.

The young Chinese Red, as was clear from my conversation with him, believed every word of his Soviet mentors.

But every man has his Waterloo—and Wang's were the beautiful Swiss watches. This was one capitalist temptation, it seems, he could not resist.

He was visiting for the fifth time the store on the Grand Quai when I met him. The majority of Red China's delegates—from Premier Chou En-lai to the lowliest driver of the Soviet ZIS car—had already raided the Swiss watch industry and were proudly displaying gold wrist watches with thick gold bands.

But Wang could not make up his mind. He apparently wanted something that no other delegate had, and the fat red-faced Swiss watch dealer, though polite, was obviously exasperated.

"Please, sir," he asked me, "please explain to him in Russian that these watches are worn by the most famous men of our time that this brand is synonymous with success and distinction."

I conveyed the information to Wang, but he was not impressed. Like a child he was fascinated by the mechanism he held in his hand. He continued to pat it gently, hold it to his ear and lis-

ten to it tick.

After he repeated the same routine for about a dozen times, I took leave of Wang and the watch dealer—without buying my own present.

I don't know whether the representative of the People's Democratic Republic of China finally acquired the watch but I could not help thinking that even the Reds—with all their techniques of brain-washing—cannot change human nature.

Perhaps before thinking of the H-bomb, the free world should drop on Red China—as an act of psychological warfare—a few billion shining American watches.

## Just One Vacation Lure Travel Now, Pay Later

By JAMES FLOWERS

NEW YORK—(NEA)—Rail, air, bus lines and hotels are going all out this year with reduced rates and other extras—including installment plan travel—to woo the modest-budgeted summer vacationer. And they are looking for a boom season which may top anything they ever experienced.

Pan American Airways, for example, recently introduced a "Pay Later Plan"—10 per cent down and up to 20 months to pay the balance—to bring international air travel within reach of the average man. Sample round-trip from New York: A two-week tour of London, Paris, Rome and the Riviera for \$82 down and 12 monthly payments of \$68.97.

Scandinavian Airlines also has an "on-the-cuff" arrangement for European vacations that even includes cash for shopping. It features a "Signature Travel Plan" with no deposit, no down payment and 24 months to pay. Scandinavian says your signature alone is enough for the ticket—if your credit is good.

Trans World Airlines is prepared to arrange anything from a student seminar to Geneva to a tiger hunt in India with their sky tourist flights. TWA officials say Spain and Portugal are among the best travel buys in Europe right now because of the dollar exchange in those countries.

One thing that is giving travel agencies and carriers a shot in the arm is the reduction of federal tax on transportation to 10 per cent. Right now most airlines are enjoying a 23 per cent increase in passenger traffic over 1953, and they are anxious to see the travel boom continue through the summer months.

For instance, National Airlines is offering half-fare family plans between New York, Miami and Cuba on Mondays, Tuesdays and Wednesdays, as do many domestic lines. Eastern Airlines has long featured reduced rate night air coach flights to Florida points with combination "package" vacations at palatial resort hotels.

Resort Airlines has reduced the prices of winter flights from New York to the Caribbean area up to 40 per cent, and the new rates are approximately 15 per cent under last summer's prices.

These all-expense "flying house-party" air cruises include hotels, meals and sightseeing. Resort calls it "flightseeing" around the islands, and plugs the fact that lower altitudes and leisurely schedules mean more to see.

Since hotels and their facilities are usually the basic attraction

for the vacationer, inn-keepers around the country have been sending out attractive lures for weeks now to entice the summer holiday throngs. Swank, oceanfront establishments at Miami Beach have already slashed winter rates, and many of them are throwing in meals and entertainment with the day's lodging.

In Washington, D. C., a tourist mecca the year-round, the Willard Hotel has a family plan that features no charge for children under 14 when they occupy the same accommodations with their parents. The Shoreham has a similar plan. During July and August, the Conrad Hilton Hotel in Chicago offers a \$10-a-day special for room, breakfast and a special daily attraction such as a reserved seat for Cinerama or a major league baseball game.

The nation's railroads also have some choice travel buys for vacation bargain hunters. The nine railroads serving New York City recently established summer cut-rate schedules for families who want to come to New York from any point in the U. S., either first class or coach.

Sample round-trip fare for a man, wife and three children aged 15, 10 and four years offered by the Pennsylvania Railroad: first class passage (berth extra) from St. Louis \$209.25—a saving of \$107.

Western railroads like the Santa Fe, Union Pacific, Burlington and Northern Pacific also feature the family plan fares and other extras such as escorted tours. The Seaboard Airline Railroad and the Atlantic Coast Line are plugging "package vacations" to Florida at the "lowest fares ever."

"We don't have summer rates because our fares are already the lowest possible," says an official of the nation-wide Greyhound Bus Lines. "However, bus travelers can save 10 per cent with a round-trip ticket. And our weekend excursions offer sharply reduced fares for the fellow with the short, short vacation in mind. We're looking for a booming travel business this summer."

So is everyone else in the business.

The whole heart of my answer to the Army's charges are that somebody some place conspired . . . to get us (Senate Investigating Subcommittee) in just the hassle we are in now so we wouldn't be exposing Communists in places where it would be embarrassing to certain people in the government.—Sen. Joseph McCarthy.

WASHINGTON—(NEA)—Speeches by military leaders are going to get much tighter review by the State Department from here on.

This decision has been made as a result of Rear Adm. Robert B. Carney's recent speech in New York before the National Security Industrial Association.

In this speech, Admiral Carney intimated that the U. S. must be prepared to join in the Indo-China fighting, as it had joined in the Korea fighting, if the resources of this part of the world were to be saved from Communist seizure.

Coming from the U. S. Chief of Naval Operations, this speech created quite an international sensation, particularly because it went beyond previous statements by President Eisenhower and Secretary of State John Foster Dulles.

One copy of the text of Admiral Carney's speech had been sent to the State Department for clearance, all right. But it was brought from the Pentagon by an officer who said that it could be examined for only half an hour, because he had to return it to Admiral Carney at once.

It so happened that no senior officers of the State Department were available in that particular half hour to review the text.

The junior official who looked it over didn't catch the importance of all Admiral Carney's statement of issues involved in the present international situation, towards the end of his speech.

What makes a talk of this kind difficult for America's foreign allies to understand is that under their set-up, no military man would be allowed to discuss foreign policy in this open manner.

It won't happen again in this country, if State Department officials can prevent it by closer scrutiny of their utterances.

CHARLES P. TAFT, brother of the late Ohio senator, has been beating the bushes all over the United States for the past year as President of the Committee for a National Trade Policy, in support of lower tariffs.

He has found it a hard bill of goods to sell.

"There are in key places men who took in the protective tariff with their mothers' milk," he says. "They still refuse to look at the facts of American life as they have developed since that time." Also, he has found many businessmen who believe in lower tariffs but are not articulate.

"They don't like to stick their necks out and they don't make good witnesses. They show up their fellow businessmen's facts, it does not make them popular."

"I've been doing that from coast to coast," says Mr. Taft, "and there are some places where I won't get any more law business for sure."

SEN. WAYNE MORSE of Oregon, in arguing against Attorney General Herbert Brownell's bill to legalize wire tapping to obtain evidence, has revealed how he recently made a complete search of his office to find a recording microphone.

Senator Morse ordered the search after a secret service agent and a newspaperman had convinced him that confidential telephone conversations with his administrative assistant, William Berg, Jr., had been monitored.

Rugs were rolled up drawers pulled out, air vents checked. When Berg started poking up the flue of a long unused fireplace, the situation was so ridiculous that they both started laughing.

Senator Morse cited the experience, however, "as an example of the kind of suspicion and fear which is developing in America these days."

The senator wouldn't name the secret service agent, but said he was able to repeat "conversations which took place across my desk or at home and heard only by myself or my assistant." But they haven't yet found the microphone—if there ever was one.

PATTERN 393

The type of garage shown here with both a gable and a hip roof is probably the easiest structure for the week-end carpenter to make. When he finishes building this garage it should be only a short step to doing a small home with varied roof lines and other structural features. A pattern is useful, of course, as it provides dimensions throughout as well as cutting guides for rafters and other members. Pattern 393 illustrates exactly how the experienced builder would go about the job of erecting this garage. The design provides the usual width for a car and ample space for bench and working area. Price of pattern is 25c. Address your order to—

## Goodyear Tire Workers Strike

CINCINNATI (AP)—A breakdown in contract negotiations today brought the first strike in eight years to plants of the Goodyear Tire and Rubber Co.

The CIO United Rubber Workers directed its 23,000 members in Goodyear plants to quit work in 10 cities at midnight Wednesday.

First reports that the strike actually was in effect came from plants in Akron and St. Mary's; Toledo, Kan.; Lincoln, Neb.; and Gadsden, Ala.

Other plants are at Jackson, Mich.; New Bedford, Mass.; and Windsor, Ont.

Negotiations broke up when the company held fast to its offer of a pay boost of 5 cents an hour. The union insisted that was not sufficient and did not make corrections sought in wage differentials in "low-paid plants."

The union never has disclosed its exact demands.

Negotiations here for Goodyear were part of a series of meetings being conducted for the rubber industry. The contracts expire next February but were brought up under a reopening clause. Union representatives are meeting in Cleveland with the Firestone and General Tire and Rubber companies. A meeting with the U.S. Rubber Co. is being held in New York and a session with Goodrich is scheduled here next Tuesday.

At Goodyear, the workers now average \$2.08 an hour.

## Four Die In Fire At Waukesha

WAUKESHA, Wis. (AP)—A young mother and her three small children died in their flaming home Wednesday night as her husband and a neighbor chopped their way into the house in an unsuccessful rescue effort.

The dead were Mrs. Madeline Knuese, 31, of the town of New Berlin; her son, Robert Jr., 6, and two daughters, Margaret 2, and Mary 3.

The fire broke out in the new Gateway subdivision home as Knuese slept in one of the bedrooms while his wife rested on a couch in the living room. The children were asleep in another bedroom.

Knuese told Waukesha County Sheriff Michael Lombardi that he heard his son shouting, "Fire."

He dashed into the living room where he found that his wife's clothing was aflame and the room filled with smoke. He said he tried to drag her outside but the heat and smoke forced him to drop her.

Knuese ran to the home of a neighbor, Merle Hoeft. They picked up an ax and ran back to the Knuese home. Flames were shooting out the doors and windows.

The men knocked a 4 foot by 10 foot hole in the siding of the bedroom and removed Mary and Margaret.

### Menominee Names Health Physician

MENOMINEE—Dr. H. R. Brukardt, Menominee physician, Tuesday night was appointed city health officer by Mayor James A. Spies and the nomination was unanimously confirmed by the City Council. Dr. Brukardt will serve without salary.

Spies told the Council that under present arrangement, Menominee is a part of the Delta-Menominee Health Department of which Dr. William C. Harrison is director. While Dr. Harrison works between the two counties, his headquarters are in Escanaba, where he resides.

Spies said he believed a city health officer is warranted here to advise the city on health policies and to be available in emergencies. He said Dr. Brukardt had agreed to serve as city health officer, but without salary.

### MARQUITA LIEUNG

Funeral services for Miss Marquita Lieung were conducted by the Rev. Gustav Lund at 2 p. m. today in the Chapel of the Boyce Funeral Home. Burial was in Lakeview Cemetery.

William Clark of Marinette, organist, played "Meditation" from "Thais," "Holy, Holy, Holy" and, at the close of the service, "Abide With Me."

Pallbearers were Edward Hurley, Chester White, William J. Bisbee, Gordon Sullivan, Robert Schwalbach and Wayne Crebo. Those attending the rites included Mr. and Mrs. Thor Lieung, Dayton, Ohio, and Edward Lemster, Mrs. Louis Doerster, Grant Doerster, Mr. and Mrs. Stanley Bolin Sr., and Mrs. Irene Wiese, Chicago.

The services of the Order of the Eastern Star were conducted by R. C. Hatheway Chapter 49 last evening at the Chapel. Taking part in the ritual were Mrs. Raymond Dube, acting worthy matron, Arthur Nelson, worthy patron, Mrs. Charles J. Byrns, chaplain, Mrs. Lee Hendricks, Adah, Mrs. Eugene J. Christman, Ruth, Mrs. George Marcoushik, Esther, Mrs. William Korkoshik, Martha, and Mrs. Jack Shiner, Electa.

The upper platform of Berlin's 450-foot radio tower is used as a health center for children with whooping cough, the altitude having been found beneficial for them.

## Upper Peninsula Briefs

SAULT STE. MARIE — The widest freighter on the Great Lakes, the new Scott Miscner of Colonial Steamships locked up-bound Wednesday on its maiden voyage on Lake Superior headed for Fort William, Ont. The freighter had less than eight feet to spare on the north side of the lock. The ship has a beam of 72.4 and is 685 feet long, with a cruiser type bow.

NEGAUNEE — At a cost of nearly half a million dollars Negaunee has erected a modern sewage disposal plant. This week, during the Diamond Jubilee of Negaunee High School, the city is holding "open house" and the plant is being inspected by townspeople and Jubilee visitors.

ST. IGNACE—The state ferry traffic at the Straits of Mackinac showed a 17.4 per cent increase during the first five days of July with a top days falling on July 2 and 3 when 15,164 cars were transported across the Straits of Mackinac in comparison to 11,001 during the same period last year.

MENOMINEE — Automatic flasher signal lights at the Chicago & North Western Railway crossing at 10th Ave. and 7th St. will be installed by Dec. 1. City Attorney Kenneth O. Doyle advised City Council. On inquiry from Mayor James A. Spies, Doyle said the C&NW earlier had advised that funds for installation of the signals had been earmarked in the company's 1954 budget.

MARQUETTE — Paul Bernd, a member of the staff of the American Automobile Association, will be an instructor in the driver education course at Northern Michigan College of Education this month.

### George Herro Is Contract Winner On Fair Project

The George Herro Electric Company was awarded the contract for wiring the new industrial building at the Upper Peninsula State Fair grounds, Ray LaPorte, secretary-manager, has announced. The low bid was \$613.

Bids for the installation of underground wiring on the midway were opened yesterday in Lansing but the awarding of the contract has not yet been announced.

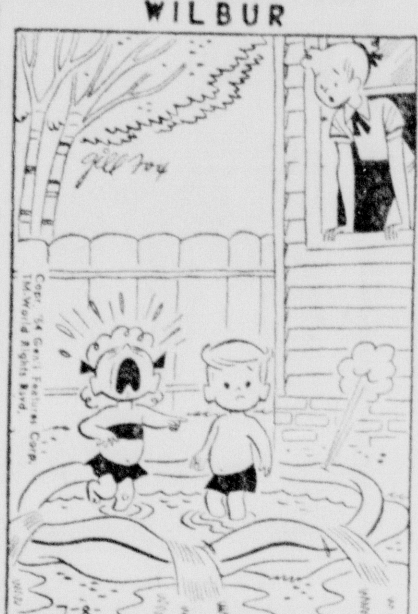

Tomorrow bids for the laying of a new concrete floor in the foyer of the exhibition building will be opened at the local office of the U. P. State Fair.

Olson and Flath were recently awarded the contract for erecting the industrial building. The contract award was \$10,885.

talking to the children on several occasions.

Door Left Unlocked  
The children and their parents, Mr. and Mrs. James Roberts, arrived Sunday night from Baltimore for their annual two weeks visit with the Rosenbergs, parents of Mrs. Roberts.

The father was on a night club tour with Mrs. Dorothy Lawrence, 21, a client and friend, when Judith Ann was kidnaped about 1 a. m. Mrs. Lawrence came to Miami with the Roberts family and said she planned to get a divorce here. The killer apparently entered

### Little Legislature Called To Lansing On Prison Problem

(Continued From Page One)

wick Pines State Forest, the absolute capacity of the prisons is 9,650. Harrison said. The present count is 770 beyond the "real" capacity, he said.

Harrison said the population increase is largely in young offenders and that the highly-touted conservation camp program is not the whole answer since it requires inmates to be older and more settled.

Smith said bluntly, "We are reaping the fruits of years of neglect. We are sitting on a boiler with a full head of steam and the safety valve tied down."

Chances Remote  
Dedicating the Hartwick Pines prison camp, the commission noted that it housed 84 inmates and cost 40,000. That would build

the Rosenberg home through a front door which was left unlocked because Roberts did not have a key. Then, police theorized, the kidnaper went to the bedroom, where he took the car key from Rosenberg's trousers, took Judith Ann from the couch in the living room where she was sleeping, and left.

He drove off in the Rosenbergs' automobile and the sound of the machine roaring away awakened Mrs. Rosenberg, who noticed the front door ajar and awakened the others. They searched the neighborhood, thinking the child had wandered off, before notifying police.

only four cells in a modern prison, it said.

Williams told newsmen a new outside dormitory at Ionia would remove necessity for taking 150 men in and out of the prison daily to work on farms. This has been criticized as a security hazard.

He said it also would permit Southern Michigan Prison to transfer 150 young offenders to Ionia—men who have been committed to Ionia but for whom there is no room there.

The chances of action by the "little Legislature" to relieve the congestion were considered remote at the capital.

Atty. Gen. Frank G. Millard noted the "little Legislature", or emergency appropriations commission, is limited by law to emergency grants for purposes which the full Legislature could not have anticipated or which had not been denied by the Legislature.

Millard said the Legislature had considered the congestion problem by providing \$100,000 to plan a new 600-man medium security

## Economies Trim Federal Deficit

By FRANK O'BRIEN  
WASHINGTON (AP)—The government cut spending heavily during the past 12 months and may have wound up fiscal 1954 with a deficit smaller than the 3 1/4 billion dollars predicted by President Eisenhower last January.

This was indicated late Tuesday in a preliminary accounting for fiscal 1954, which ended June 30. The accounting by the Treasury did not include receipts and expenditures checks which had not cleared by June 30.

A final accounting, taking in all government financial transactions through June 30, will be ready about July 20.

Withdrawals came to \$71,933,000, compared with \$76,388,000,000 in fiscal 1953. Net deposits totaled \$71,781,000,000, compared to \$71,326,000,000 the year before.

The "deficit" indicated by this rough accounting was thus 152 millions for fiscal 1954 compared with \$5,062,000,000 in fiscal 1953.

## Reds Resume Killings Claimed In China

HONG KONG (AP)—Purge and terror seem to be on the flood again in Communist China. A series of policy statements by the official Peiping Peoples Daily lately on political, legal and police work, call for tightening up against "criminal elements, saboteurs . . . counter revolutionaries and law breaching industrialists and merchants."

Similar statements preceded the slaughters of 1951-52 and the lesser killings last year. They seem to reflect break-downs in Communist controls, new resistances, wavering loyalties. The news of the purges are pouring in from independent sources, some of which say as many as a hundred are being shot at a time in some cities.

## Cops Are Murderers, Small Boys Think

OSCEOLA, Iowa (AP)—Iowa Highway Patrol cars carry large signs across their backs, showing the current traffic fatality toll in the state for the year—"184 killed in '54."

The other day when a patrolman stopped his car for a stop sign here, two small boys walked toward the rear of the car. One said, "Let's see how many this one's killed."

## Cherries Get Ripe

TRAVERSE CITY (AP)—The first cherry harvesting of the season in this area began Tuesday in the orchard of Adolph La Franier, south of Traverse City. The harvesting is expected to be well under way by the end of this week.

Mr. and Mrs. Kirk and children Kathy, Allan and Paul, Kalamazoo, spent the weekend here with his father, Charles Kirk and sister, Mrs. Agnes Lind. Charles Kirk celebrated his 80th birthday Sunday, July 4. Others attending the anniversary observance were Mr. and Mrs. Dewey St. Cyr and son Kirk, Marquette, and Mr. and Mrs. Charles McCarthy and sons, Escanaba.

Lange, a milkman, insisted he was innocent and "had been framed."

A considerable number of stars, which appear to the naked eye to be single bodies, are revealed by telescopes to be two stars.

## New Chemical Cures Transplanted Cancer

NEW YORK (AP)—Development of a chemical compound that produced permanent cure of one type of transplanted cancer in 100 per cent of its trials on rats has been reported by the Sloan-Kettering Institute.

The institute, which made the announcement Tuesday, noted that "no chemical cures of any form of cancer in man have been achieved to date."

The institute, research unit of the Memorial Center for Cancer and Allied Diseases, has the largest chemical testing program among cancer research units.

The report said the drug that routinely cured all cases of Jensen sarcoma in rats is known as TEM—triethylene melamine—and was developed at the institute.

The institute's seventh annual progress report summed up the results of its research in chemical injection aimed at starving or

poisoning cancer cells in mice and rats.

The results, the report said, "justify the hope that further study may reveal compounds capable of achieving permanent cure in man, not only of leukemia (blood cancer) but eventually of other forms of cancer now beyond control."

A compound of combined P-165 and 6-MP has been credited with curing 98 per cent of one type of leukemia in mice and with being effective in arresting some types of leukemia in humans.

The institute said its record with TEM on rats is believed to be the first 100 per cent effective cure on animals with chemicals.

The United States produced 14,700,000 tons of steel for its auto industry in 1953.

U. S. mines can produce 5,000 tons of bituminous coal a minute.

### Cruise Is Delayed By Heart Attack

OTTAWA, Ill. (AP)—The five-year cruise of the "Shebeen" has been temporarily delayed.

Its owner, E. G. Newton, had a slight heart attack when he reached Manitou, Wis. Newton and his wife spent years building the 54-foot sail and motor craft and planned a trip to the Atlantic, through the Panama Canal to the Pacific and Hawaii and back to the coasts of Oregon and Washington before returning to Ottawa.

### Hero Found Dead

PETOSKEY (AP)—George Parrott, 46, of Indian River, survivor of the Bataan death march in World War II, was found dead Monday in woods near Indian River. State police said death was due to a heart ailment.

## Wild Auto Kills Two, Injures Five

DETROIT (AP)—"Pedestrians were running before it like a flock of chickens being attacked by a hawk."

That was the description a witness gave Tuesday night when a car spun down 180 feet of sidewalk, killing two persons and injuring five others, before coming to a halt against a utility pole.

The dead were Mrs. Margaret Sebring, 52-year-old driver of the car, and Henry Neilson, 45, who had been waiting for a bus.

Police said Mrs. Sebring's car ran a red light at busy Grand River and West Grand Blvd. on the city's near northwest side.

The careening auto struck another driven by Adolph L. Burns, 54, before running up onto the sidewalk. It broke two store windows and sheared off two 10-foot bus stop signs, a parking meter and a fire hydrant.

"The car was going in zig zag fashion," Burns told police, "and pedestrians were running before it like a flock of chickens being attacked by a hawk."

Mrs. Sebring's two passengers were injured. Amin Kasem, 57, was in critical condition. His son, Mounier, 18, was treated for cuts about the face.

Three pedestrians also were injured. George Shaw, 49, and Leslie G. McIntyre, 33, escaped with leg bruises. Mrs. Bertha Palford, 60, was tossed through a store window by the erratic auto, suffering bruises on the arms and legs.

## Sherril Simon Bride, Wedding In Carbondale

STEPHENSON—The Rev. Gilbert Schaller of Daggett officiated at the 3 p. m. wedding Saturday July 3, in St. Mark's Lutheran Church, Carbondale, of Miss Sherril Ann Simon of Stephenson and Gerald H. Grosschadle of Ingalls. Parents of the young couple are Mr. and Mrs. Joseph Simon of Stephenson and Mr. and Mrs. Herman Grosschadle of Ingalls.

Mrs. Gilbert Schaller played a prelude of wedding music before the ceremony and accompanied Miss Karen Freis, niece of the bride, when she sang, "The Lord's Prayer and 'O Perfect Love.'"

### Gown of Net and Lace

White nylon net and chantilly lace over satin made up the bride's gown, fashioned with a lace bodice detailed with an illusion yoke and a lace Peter Pan collar. The floor length skirt of double nylon net was trimmed with matching lace flower applique. Her lace-edged fingertip veil was held to a Juliet cap. She carried a lace covered prayer book topped with lavender orchids tied with white satin ribbon entwined with lilies of the valley.

Mrs. Leroy Spitzer was matron of honor for her sister. Miss Carol Corey of Stephenson and Miss Irene Hafeman of Wallace were bridesmaids. Miss Carol Grosschadle of Ingalls, a sister of the bridegroom, was junior bridesmaid. The attendants wore identically styled dresses and lace shrug jackets over their strapless lace bodices, topped the bouffant net skirts accented with tiered ruffles from hemline to the knee. The matron of honor and Miss Corey wore petal pink, and Miss Hafeman and the junior attendant wore azur blue. Matching head pieces and lace fans trimmed with carnations to match their dresses completed their costumes.

### Nieces Are Ushers

Phyllis Spitzer and Terry Simon, a niece and nephew of the bride, and the bride's godchildren, were attired as miniature bride and bridegroom. Phyllis carried a lavender orchid secured to a white lace fan.

Lynn Simon, brother of the bride, was best man. Herman Schutte, a cousin of the bridegroom, and Carl Nelson served as groomsmen.

Linda Kolosowski and Janis Freis, nieces of the bride, wore pink and blue net sleeveless dresses designed with high round necklines, ashered.

Mrs. Simon mother of the bride wore a pink nylon lace dress with white accessories and a pink and white carnation corsage. The bridegroom's mother wore a red and white nylon print dress with white accessories and a red and white carnation corsage.

### Wedding Supper

The wedding supper for 100 relatives and members of the bridal party was served at 4:30 p. m. in the church parlors. Assisting with the serving and pouring were Miss Betty Runge, Miss Betty Hafeman, Miss Marcia Mattson, Miss Linda Kolosowski and Miss Janis Freis. After a honeymoon in the Copper Country the couple will reside in Ingalls. For going-away the bride wore a pale yellow dress-maker suit with white accessories and the orchid from her prayer-book.

Both young people are graduates of the Stephenson High School. The bride is employed as bookkeeper in the Bank of Stephenson, and the bridegroom is with the Wisconsin Public Service Corporation.

## Girl Scouts Start Drive For \$1,000 By Canvasses

One-thousand dollars has been set as the goal for the Manistique Girl Scout financial drive which opens Monday with house-to-house canvasses. The fund-raising will close July 17 with a tea at the Junior High School.

In a letter sent to all prospective contributors, Mrs. LeRoy Wilson, drive chairman, explained that "all of the money collected through our drives is used to benefit our girls and camping is the most important project."

Mrs. Wilson wrote that the local scouts are joint owners of Camp Timbertrail in the Hiawatha National Forest. She calls it "the finest pioneer camp in the country." The local Girl Scout share in maintaining the camp comes to about \$300 per year. Each girl is also subsidized to the extent of \$5 per camping week.

The Girl Scouts also operate a day camp on Indian Lake for two weeks each summer, "for which we pay more than half the expense," she said.

Mrs. Wilson pointed to "the record of 34 continuous years of Girl Scouting in Manistique." She also claimed that "The girls, through our scouting program . . . learn

many virtues such as resourcefulness, tolerance, cooperation and self-discipline, helping them to become happy well-adjusted people."

Aiding Mrs. Wilson in the drive are Mrs. Carl Olsen and Mrs. Arthur Hall, eastside division chairmen; Mrs. Herbert Krause, westside division chairman; Mrs. Robert Slining, rural and resorts; and Mrs. William J. Sheahan, business district. Roy Anderson is treasurer and Mrs. Earl LeBrasseur is handling public relations. Mrs. James H. Fyvie is arranging the tea.

## Reflected Sun Starts Fire In Car Wednesday

Reflected rays from a morning sun started a quickly-extinguished fire in the roof of a 1952 sedan parked on Walnut St. west of Cedar St., Wednesday. Minor damages were incurred to the roof insulation of the vehicle, driven by Dolores Hanchfield, Midland.

Firemen Harry Durno and Ray McCarney drowned the blaze with extinguishers. They attributed the fire to a mirror lying on the rear ledge of the car. The men were called at 10:52 a. m.

## Chatham

Mr. and Mrs. Arnold Kallio and family of St. Ignace spent the holiday weekend here at the home of Mr. and Mrs. Toivo Kallio.

**Zeno - Henry**  
At a candlelight ceremony in the Emmaus Ev. Lutheran Church, Racine, Wis., June 26, Miss Cecilia Zeno, daughter of Mr. and Mrs. Carl Zeno, Chatham, and Gene Henry, Racine, son of Mr. and Mrs. L. I. Henry, Deerwood, Minn., were united in marriage. The Rev. Sigurd Peterson officiated at the double-ring ceremony.

The bride was attired in a pale blue pure silk, off-the-shoulder, street length dress with white accessories. She carried a bouquet of red roses and pink feathered carnations.

Her only attendant was her sister, Marie Zeno, Chatham, who wore a powder blue nylon lace, street length dress with white accessories and a corsage of pink roses and feathered carnations.

After the ceremony, a small reception was held at the home of Mr. and Mrs. Norman Frazier.

Both the bride and groom are employed by Western Union.

The bride is the niece of Mr. and Mrs. Clarence Zeno of Escanaba.

## Hearing Postponed

LANSING (AP)—The State Public Service Commission has postponed hearings on the Michigan Bell Telephone Co. petition for a rehearing on the commission's denial of its 22 million dollar a year rate increase.

The adjournment was made on motion of Asst. Atty. Gen. Robert Derengowski, who reported that some of the notices sent out by the commission for the rehearing were in error. No date was set for the renewal of the hearing.

## JAPAN FIGHTS DOPE

TOKYO (AP)—Japan's welfare ministry plans to tighten controls on narcotic addiction in a country where the victims are estimated to exceed 1,500,000. The ministry said over 10 per cent of the addicts were doctors, nurses, pharmacists and others working in the medical field.

## Judge To Hear Charges Tuesday

Judge Edward J. Dole will hold a hearing 10 a. m., Tuesday for William R. King, alias Junior Belleville, at Justice Court. King was arraigned Friday by the State Police on a charge of breaking without entering during the night-time.

After a polygraph test Saturday at Marquette, King was first remanded to the next circuit court session in September after being placed under a \$1,000 bond, King, under federal parole, may be turned over to his parole officer following the hearing. King had waived examination in a Tuesday session at Justice Court.

### In Jail

Currently residing at the Schoolcraft County Jail pending disposition of his case, King was accused of entering the home of Louise Walters, Durham Village, about midnight Thursday. He has denied entering the home.

Wednesday Judge Doyle also closed several vehicular law violation cases. Jack Foye, driving a truck belonging to Robert Foye, Manistique, was fined \$8 plus \$2 costs for having a truck 10-inches higher than legal.

Foye's vehicle, when examined by the weighmaster on U. S. Route 2 in Gulliver June 30, had a 13-foot, four-inch load height. Foye was hauling logs from Kingston Lake to Manistique at the time.

### Truck Matter

In another truck matter Ralph Garvey, Edmonton, Alberta, posted a \$10 bond Wednesday for passing on a hill in a market zone. He was apprehended at 11:40 p. m., Tuesday on U. S. 2 east of Manistique. Garvey was driving a haul-away.

Also posting a bond Wednesday was John Cornelius Humphreys, Casnovia. He was ticketed Saturday for reckless driving after passing on a hill on U. S. 2 east of the city. Humphreys left \$29 for his appearance.

Judge Doyle disclosed that Cecil Zellar, not George Zellor, of McMillan, paid \$10 June 30 for a violation.

### POLICE ARREST

Alleged improper overtaking and passing on a curve in a marked zone brought about Glenwood Phillips' arrest 2:50 p. m., Wednesday on U. S. 2 in Manistique Township by State Police Trooper William Scales. A Highland Park machine operator, Phillips must report to Justice Court by July 17.

Mineral production in Virginia is valued at 150 million dollars a year.

## Paper Mill Reports 'Good' First-Half; Only 1 Week Lost

Reporting a "good first-half" R. G. Hentschell, manager of the Manistique Pulp and Paper Mill, disclosed Wednesday that the plant lost only one work-week from Jan. 1-July 1. He foresees a "good" last-half for the plant.

The loss of work resulted from installation in February of a new turbine to help drive the paper machine. The paper machine is in operation 24-hours each day, six days a week. The pulp-mill is a 358-day per year operation, "around-the-clock." The labor contract calls for holidays, but not Sundays, as non-work days.

Hentschell also revealed that a new sheeter and a new trimmer have been installed at the plant. The sheeter cuts paper into appropriate sheet-sizes.

The mill has also begun shipping newsprint to the American Legation at Damascus, Syria. Packed in waterproof cases, the order will fill two boxcars.

### EXPECT COMPLETION

Work was expected to be finished this afternoon on blacktopping of Green School Road in Mueller Township. County Road Commission crews will then have to refinish the shoulders of the roadway. The Northern Asphalt Co., of Iron River is doing the blacktop work. They have been held up by the weather.

### NEW CONTEST

Fords will take on Inland in a City Softball League makeup contest 7:15 p. m., today at Central Park. National Guard will meet the Paper Mill in the second game at 8:30.

## Name Board For School Election

At a regular meeting of the Gladstone Board of Education Tuesday evening an election board to handle next Monday's annual school polling was chosen.

Named to the board were Mrs. William Masterson, Mrs. John Strand, Mrs. August Feldt, Katherine VanDonsel, William Heslip, Archie D. Harris and Donna Mae Lindahl.

Balloting will be done in the high school gymnasium and the polls will be open from 1 to 8 p. m.

Two persons will be elected to the board for 3-year terms, the terms of Dr. O. S. Hult and Soren Johnson expiring. Both are candidates for reelection. Atty. Clair Hoehn also is a candidate which assures a contest in the election.

## Plan Contests For Horseshoe Tossers

Recreation Director Don Pfothenauer announces plans for a Horseshoe contest to be held at the playground courts on Wednesday, July 14.

There will be four separate contests, for age groups 7 to 10, 11 to 14 and 15-16 and another for adults.

Devotees of the sport wishing to participate should register with the recreation director at the Recreation Building.

## Man Gets 10 Years On Burglary Charge

MANKATO, Minn. (AP)—William B. Shouts, 33, whose home and garage looked like a warehouse, was sentenced to 10 years in prison after pleading guilty to second degree larceny. Shouts could give police no reason for collecting several thousand dollars worth of electrical fixtures, wire, pipe, and a vast assortment of tools.

## Lillian Russell Penned Rare MMS

NEW HAVEN, Conn. (AP)—Actress Lillian Russell shares with such literary giants as Goethe, Keats, Browning and Burns the distinction of having an example of her writing included in Yale University's collection of rare manuscripts. It's a letter to a tobacco manufacturer giving him permission to name a cigar "The Lillian Russell."

## Pig Plot Charged

BERLIN (AP)—A Communist court opened a show trial of nine East Germans charged with killing 3,350 pigs at a state-operated farm. The prosecution charged the men deliberately spread disease among the pigs.

## Overnight Campout Is Planned For Boys, 14-17

Sometime next week an overnight campout for boys 14-17 years of age will be held under the supervision of the recreation department, Director Don Pfothenauer announces.

The first 40 boys in that age bracket registering with Mr. Pfothenauer.

## School Census Slightly Lower

A slight drop is noted in school census figures, according to information obtained from the office of Supt. Wallace C. Cameron.

The canvass of the city was made during the last 20 days of May by Mrs. John Norton Jr.

Children of the ages of 5 to 20, upon which school aid money is apportioned this year total 1368 in comparison with 1372 last year, a drop of 4.

Pre-school children, birth to 5 years number 574 in comparison with 614 last year.

This brings the totals to 1942 in comparison with 1936.

## Gamble Store Changes Hands

Purchase of the Gladstone Gamble Store by Robert Malnor of Gladstone from Albert Buckman, who has operated it for the past 20 years, was announced Wednesday.

A native of Rapid River, Malnor operated a service station at Rapid River from 1946 to 1949. He since has been privately employed.

The store was established here in 1934 and was operated by Buckman as dealer for the 20 year span.

The new owner is married and the father of two children. The family resides at 1304 Minnesota Ave.

## Contortionist To Become Dancer

TUSCOLA, Ill. (AP)—Folks hereabouts are accustomed to seeing Peggy Pettit, 11, put herself in pretzel-like poses. They know the physical phenomenon which enables her to get into such crazy shapes is the lack of cartilages connecting the vertebrae in her back.

In the carnival world, she would be known as a contortionist. But she is studying to be a professional dancer.

tenhauer at the recreation building and having parental permission will be permitted to participate in this special event.

The campout will be held across the bay and the boys will be transported to the site on cruisers belonging to Soren Johnson and Grier Ivory.

Campers will cook their own supper meal, swim, have a marsh-mallow roast, sing, sleep, cook breakfast and return home by 9:30 the following morning.

Boys making the trip will have to abide by rules set up by members of the party making the trip.

A preliminary meeting of all boys interested will be held at the recreation building Friday afternoon at 2:30. Boys should bring permission slips from parents at that time.

## Perkins

PERKINS — Mr. and Mrs. Herbert LeGault of Escanaba, and Mr. and Mrs. Edward Smith of Chicago visited at the home of Mr. and Mrs. Ray LeClaire Sunday. Mrs. Smith is a sister of Mrs. LeClaire and Dan LeGault.

Mrs. John Maga and children of Gladstone, have moved into the Edward (Bud) Gibbs home for the summer months. Mr. Maga is employed in Greenland.

Submarines do not carry doctors, and all medical duties, including emergency operations, are carried out by pharmacist mates.

POPULAR — Chancellor Konrad Adenauer still has a great appeal to West German voters. His Christian Democratic Union emerged as the strongest single party in North Rhine-Westphalia, key state which includes the industrial heartland of the Ruhr.

## Richard Peterson Granted Discharge

Richard Peterson, son of Mr. and Mrs. Yens Peterson, 1401 Michigan Ave., has received his discharge from the U. S. Navy. He was in service three years and served as a dental technician aboard the USS Arcadia. His service included six months overseas duty in the Mediterranean area.

Richard is spending the summer at his parental home and plans on entering Northern Michigan College of Education in Marquette in September.

## Parakeet Likes To Hear Sports News

HARTFORD, Conn. (AP) — The Hartford Courant reports that Mr. and Mrs. Sab Hyman have a parakeet who is indifferent to radio except when Sportscaster Bob Steele goes on the air over a Hartford station. In a story about the parakeet, the Courant wrote: "The bird perches in front of the radio the minute he hears Steele's sports prognostications. A smart parakeet."

## Seven-Run Rally Gives Dells Softball Victory

The Dells left softball fans gasping at Memorial Field last night with a stirring come-from-behind victory over the Merchants to regain the lead spot in the American League standings.

Trailing by six runs after four complete innings, the Dells got to starting hurler Leo Lancour in the fifth for four runs and chased him in the sixth in which they added three more to snatch the victory from the Merchants.

Key blow in the sixth was a double by Pete Kutches that scored Don Paulin and Wally Flath to tie the score at 6-6. Kutches scooted home with the winning run when Merchants' reliever Vern Johnson tossed a wild pitch.

The Merchants greeted Paulin with four singles and the first seven men up got on base in the initial inning. Three Dells errors combined with the hits by Johnson, Lancour, Bob Lehoullier and Ed Gauthier produced five runs.

The Merchants made it 6-0 in the fourth when Louie Kositzke scored on a double by Bob Krohmer, his second hit of the game. Paulin allowed seven hits going the route for the Dells while Lancour and Johnson gave up eight.

Another key game on tap tonight sends the Merchants against Harnischfeger. If the

Merchants win they will move back into a tie for first with the Dells while the Harnies will climb up to a knot with the Merchants for second if they win.

The opener tonight at 7:15 matches fourth-place Northland Bread and Paper Mill. Northland has a 4-4 record, while Paper Mill is 3-7 in the standings.

In National League action last night Westby's edged Kesslers 12-

11 with a last-ditch spurt in the bottom of the seventh inning.

Trailing 11-10, Westby pitcher Dick Anderson slugged an inside-the-park homer with a mate on base to grab the win. There were two out when Anderson belted the game-winning blow off Jack Berglund.

Kesslers also counted homers by John Decker and Red Holmes and another Westby homer was hit by Dick Delvo.

## Makeup Game Friday To Determine Bay de Noc First Half Champion

A rained out game between league-leading Cornell and Gladstone in the Bay de Noc League will be played Friday at Cornell to determine the first half winner and the host team for the annual league all-star game to be played Sunday, July 11.

If Cornell wins the makeup game it will finish the first half alone at the top of the standings. Cornell will then meet a team of all stars from the other league members in the Sunday feature game.

If Gladstone should defeat Cornell in the makeup game a three-way tie for first will result. Cornell Garden and Manistique will be in the knot at the top.

In case of a three-way tie, a drawing will be conducted Saturday morning at the Escanaba Daily Press office to determine the first half winner and the host for the all-star game. The winner of the draw will be published Saturday and teams will be notified of the site of the all-star game.

In case of rain Friday, the makeup game will be rescheduled for Saturday and teams will be notified by telephone of the outcome.

### Queen To Be Named For Water Carnival

A Water Carnival queen will be elected to reign at the Upper Peninsula Outdoor Racing Association program to be held at Gladstone on Sunday, July 25.

Queen rules were laid down by the Gladstone racing officials last night. Nominees must be submitted by Saturday night, July 10 and candidates must be in the 17 through 25 age bracket.

In addition to the racing program, the Carnival will conduct pram sailing races.

Coach Al Ness has named Don Trotter to hurl the opening game against Powers. Other starters will be Allan Erickson catching, Joe Juetten at first, Bob Dubord at second, Bucky Flath at third, Bill Goodreau at short, Bob Christie in left field, Dave Viaw in center and Bill Bolm in right. Cliff O'Donnell was hurt in practice this week and will likely be held out of action at least for the opening.

Team members have been asked by Ness to meet at Bert Goodreau's home at 8 Friday morning for transportation to Daggett.

Escanaba and Powers have not met on the diamond this season. The game between Gladstone and Stephenson will also be the first meeting of the teams this year and the Indians-Carney game will be the first match for the clubs.

The winner of the 11th district tournament will meet the winner of the 12th district for the Upper Peninsula championship at L'Anse July 25-26.

Jim Bratonia gets the starting mound nod for Gladstone in the opener with Walter Houghton catching, Larry Feldt at first, Jere Anderson at second, Bill Adams at third, Roger Carlson at short, Jerry Thorsen in left field, Jim Sundalius in center and Joe DeMay in right. The team will leave at 7:30 Friday morning from the city recreation building at the playgrounds.

# Phenomenal Giants Spread Lead At Top Of Standings

By JOE REICHLER  
AP Sports Writer

The New York Giants, roiling along at a phenomenal 861 pace since June 3, hold the biggest lead any Giant team has enjoyed past the midseason mark in 18 years.

Not since Sept. 25, 1936, when the Giants led the Chicago Cubs by seven games, has a Giant club led by more than the current 5 1/2-game margin over the Brooklyn Dodgers.

The 1936 Giants went on to win the pennant by five games. Since then they have won two pennants—in 1937 and in 1951. Their biggest margin in 1937 was 4 1/2 games. In 1951, they didn't grab exclusive possession of first place until after the first postseason playoff game with the Dodgers.

31 of Last 37

Wednesday night the Giants won their 31st victory in the last 37 games and made it five in a row

Giardello Tops Rugged Kilgore

By RALPH BERNSTEIN

PHILADELPHIA (AP)—Joey Giardello nursed a sore left side of his face today but the Philadelphia middleweight had a victory that kept him in line for a title fight.

The 23-year-old Giardello lambasted a would-be upstart, Billy Kilgore of Miami, and won a unanimous 10-round decision with the use of a sharp left hook and a potent overhand right.

If it hadn't been for an unintentional butt that opened a severe cut about an inch under Giardello's left eye, there wouldn't have been any contest.

Judge Jimmy Mina gave Giardello a 7-2-1 victory; judge Nate Lopenson made it 8-2, and referee Willie Clark, who, at one stage of the bout threatened to stop the fight and forfeit both purses if the butting wasn't stopped, saw Giardello a 9-1 winner. The Associated Press carded Joe an 8-1-1 victor.

Giardello was never in danger in scoring his 31st win against 11 defeats and five draws. He almost stiffened the rough and tough Kilgore in the second and again in the 10th.

If Carl (Bobo) Olson retains his title in his Aug. 20 date with Rocky Castellani, Giardello has a tentative Oct. 22 championship engagement with Olson.

What makes it doubly difficult for the Tigers is that they know Hoelt has the equipment to become a winner: a snapping curve, a crackling fast ball and plenty of poise.

But he hasn't learned to put his talents to the best use. The Oshkosh, Wis., southpaw has failed

nine straight times at home.

Not All His Fault

Of course, Hoelt can't be blamed for the Tiger slump, which is more than a month old. The Detroiters have lost 30 of their last 43 games and are in danger of toppling into last place.

The Tigers have made only nine hits in their last three games—three per game—and that must be something of a low point.

They managed only four hits yesterday as they lost to Don Johnson, a pitcher who hadn't won since May 14.

## Showers Fail To Stop Junior Tennis Tourney

KALAMAZOO (AP)—Frequent showers Wednesday, failed to stop a 14-year-old Hamtramck youth from being one of the busiest contestants in the Michigan Junior Closed tennis tournament.

Gerald Dubie, competing in both the junior (under 18) and boys (under 15) divisions, won in each without losing a single set.

Dubie, top seeded in the boys class, defeated fifth seeded junior John Erickson of Kalamazoo, 6-1, 6-2.

In another junior match, John Cook, fourth seeded Kalamazoo youth, was eliminated in straight sets by Dick Hartig, an unseeded Dearborn youngster, 6-1, 6-2.

The Tour of France is to bicycle racing what the World Series is to baseball.

### Babes Can Overcome Physical Handicaps

**ANN ARBOR, Mich.** (AP)—Drs. Bruce D. Graham and Ruth M. Hayn of the University of Michigan say babies can overcome "almost incredible" physical handicaps in blood transfusions. Case studies, they say, show infants undergoing treatment to cure Rh ailments often have complete changes of blood.

An adult would not survive a complete blood transfusion, they say.

### FAITH FROM MACHINE

**LOS ANGELES (AP)** — When a worshipper enters the Faith Morningside Lutheran Church at 11th Ave. and 85th St., he passes an electric eye. This starts a recorded worship service which includes a musical selection and a short address by the pastor.

### SOLVES MYSTERY

**Finds Relief for After-Eating Distress**

"Now I see why Tums are America's No. 1 relief for heartburn and acid indigestion," says Hawkshaw McPinkerton, famous private eye. "Tums give top-speed relief from after-eating distress, yet never over-alkalize—can't cause acid rebound. No wonder millions of people always carry them in pocket or purse." Get Tums today.

### Left Foot Brake Would Cut Mishaps

**DETROIT (AP)** — Moving the brake pedal to the left foot would cut down rear-end accidents, says H. P. Bruns, auto engineer. He estimates it would cut 15 feet off stopping distances at 20 mph.

Bruns says it takes 3/4 of a second to take the right foot off the accelerator and depress the brake. But in cars with automatic transmissions, it would take only 1/4 second to use the left foot to do the same job, he told the Michigan Safety Conference.
